

MG-530

Water Repellent

1. Introduction:

MG-530 is a special fluorine and organic mixture of toluene and trichloroethane. This product is mainly developed for the water repellent effect in natural and synthetic leather.

MG-530 single-liquid solution for simple application forms a protective film with an excellent water repellent effect, abrasion resistance, durability and glossiness yet leaving a sense of smooth feel.

- * Excellent water repellent and stain proof
- * Abrasion resistance
- * Smooth sense of feel
- * Enhances glossiness

2. Chemical-physical characteristics:

Appearance:	Translucent Liquid
Viscosity (CPS):	<30
Density (Kg/m ³):	.86 +/- 0.005
Refractive Index:	1.4860 +/- 0.01

3. Available Colors: (MG-530) Clear

4. Application procedure:

MG-530 can apply directly or spray method to apply even throughout the leather surface and can directly use toluene or trichloroethane for dilution purpose. For general application, the amount of coating is within the range of 20-50 g/m² and heat dry between 40-50°C

5. Storage:

The product may be stored with its container tightly closed in a well-ventilated place at a temperature below 40°C. Sealed containers have a service life of 5 year.

6. Package: 60L PE Drum (50 Kg)

Safety:

When handling this product the instructions set out in the safety data leaflet must be observed. The relevant safety and precautionary measures for hygiene in the workplace must also be followed when working with chemical products.

Observations:

The instructions given in this publication are based on the current stand of our knowledge and experience. This does not presuppose any judicial guarantee concerning certain properties nor their suitability for any application in particular. Given the many influences that may occur during the handling and use of our products, the persons handling or transforming them are not exempt from carrying out their own controls or tests. All those receiving our products will be responsible for observing all existing patent rights as well as all current laws and regulations.
